D. Password Responsibility

When you accept the terms and conditions of this Agreement, you agree not to give or make available your password or other means to access your FSB Digital Banking to any unauthorized individuals. You are responsible for all transfers and Bill Payments you authorize using the Digital Services. If you permit other persons to use the Digital Services, your password, or other means to access your FSB Digital Banking, you are responsible for any transactions they authorize.

If you believe that your password or other means to access your FSB Digital Banking has been lost or stolen or that someone may attempt to use the Digital Services without your consent or has transferred money without your permission, you must notify us at once by calling the phone number listed on the first page of this Agreement. You can also contact us by sending a Secure Message through FSB Digital Banking.

If you or your Authorized Users disclose your password to anyone, and/or if you allow someone to use your password to access your FSB Digital Banking, you are authorizing them to act on your behalf and you will be responsible for any use of the Digital Services.

There may be other security related notices posted on our website or FSB Digital Banking from time to time. It is your responsibility to read all security notices.

E. Internet Security

Login IDs and Passwords - One of the main security features protecting the Digital Services is the unique combination of your login ID and password. During the enrollment process, you will be asked to create a unique login ID and password to gain access to the Digital Services. Your access to FSB Digital Banking will be automatically locked after three unsuccessful login attempts within a 24-hour time frame. You may reset your password online or you may contact us at the phone number listed on the first page of this Agreement for assistance.

You are responsible for maintaining the confidentiality and security of all login IDs, passwords, account numbers and any other security or access information you have for FSB Digital Banking. Therefore, you should treat it as you would any other sensitive personal data.

- You should carefully select a password that is difficult to guess
- You should not use passwords based on your name, address or other personal information
- Special characters are required and are used to increase security
- Do NOT use dictionary words
- Keep your password confidential
- Memorize your password and do NOT write it down
- Do not reuse your password on other applications
- Use passwords that are at least 8 characters in length

- You should also change your password occasionally, such as every ninety (90) days
- A password should be changed immediately if you suspect that your password has been compromised. This can be done at any time from Security Options within the Settings menu after you login to FSB Digital Banking.

F. Certificate Authority

The servers hosting FSB Digital Banking have been certified by a certificate authority to assure you that you are accessing FSB Digital Banking instead of another site pretending to be us. If you are using an older browser, such as Internet Explorer version 7 or older, you will see that the certificate authorities key may have expired; you will need to update your browser. By clicking on the lock in the address bar of Internet Explorer or an older browser, you can view the certificate to ensure it's valid. We recommend retiring the use of Internet Explorer and using one of the many alternative browsers in existence today, such as Google Chrome or Safari.

G. Cookies

During your use of FSB Digital Banking, our Digital Banking Service Provider will pass an encrypted cookie to your computer to identify your computer during the session. This cookie enables us to process multiple transactions during the session without having to provide a login ID and password for each individual transaction. Users must accept this cookie to use the Digital Services. This cookie does not contain any personal information; it simply provides another level of security for FSB Digital Banking product. The cookie is stored on your computer's hard-drive, identifying your computer while you are logged in. When you log out, close your browser, or turn off your machine, the cookie will be destroyed. A new cookie is used for each session; thus, no one can use the prior cookie to access your account.

H. Additional Security Guidelines

You should sign-off after every FSB Digital Banking session; however, Consumer sessions will automatically end after thirty (30) minutes of inactivity and Business Customer sessions will automatically end after sixty (60) minutes of inactivity. This is to protect you in case you accidentally leave your computer unattended after you login.

The security of public computers or hotspots (i.e. in a library, or Internet café) cannot be assured; therefore, we recommend that you refrain from accessing the Digital Services on a public computer.

Routinely scan your computer, servers, and electronic media using reliable virus detection and anti-spyware products. Undetected or un-repaired viruses or spyware may affect the performance of your computer, corrupt and destroy your programs, files, and even your hardware. Additionally, you may unintentionally transmit sensitive data to another third party or transmit a virus to other computers.

Use a firewall product (hardware and/or software), especially if you have a wireless or a broadband Internet connection such as DSL or cable modem.

Keep your computer's operating system and browser fully patched for critical security issues. We recommend use of the most current, supported and fully patched, versions of Internet browsers for accessing the Digital Services.

I. Commercial Reasonableness of Security Procedure

You agree that the Bank's Security Procedure, as defined in this Agreement, is commercially reasonable, that the Bank's reliance on the Security Procedure follows commercial standards of fair dealing, and that the Bank acts in good faith when it accepts a transfer request, payment order, debit entry, or any other transaction instructions in reliance on the Security Procedure.

J. Enrolling in e-Statements

The e-Statement feature within FSB Digital Banking is for enrolling and unenrolling in e-Statements for Accounts you select. Depending on what type of Account you have, you may be charged a fee for not enrolling in e-Statements. Please refer to your Account specific agreements and/or disclosures, including your Account Fee Schedule for any applicable fees.

To enroll, go to View Statements within the Online Services menu on FSB Digital Banking. Once you enroll in e-Statements you will receive e-mails to the e-mail address that you provided during e-Statement enrollment. Each statement cycle you will receive an e-mail providing instructions on how to view your Account e-Statement(s).

For Joint Accounts, the first Account owner that enrolls the Account in e-Statements controls the delivery method for the Account. If another Account owner would like to receive an e-Statement to a different e-mail address, the first Account owner that enrolled the Account in e-Statements must add an additional recipient to receive e-Statements. The first Account owner that enrolled the Account in e-Statements is the only person who can add or delete additional recipients. All joint Account owners may receive paper statements as an alternative. Please contact our Customer Call Center at the phone number listed on the first page this agreement for assistance. For Trust and Estates Accounts, an Executor, Executrix or a Trustee is able to enroll in e-Statements.

At any time, you can view, print or download your e-Statements if you are enrolled in this feature by going to the View Statements tab on the Online Services menu within FSB Digital Banking. If you select the View Statements tab on the Online Services menu and you are not enrolled in this feature you will be asked to enroll.

It is important to keep your e-mail address current. We will attempt to deliver your Account statement(s) electronically three (3) times. If after three (3) attempts your e-Statement is not delivered, we will print and mail your Account statement(s) to the address we have on file. You will also be automatically converted to paper statements until you re-enroll in e-Statements using a current e-mail address. Only statements you begin to receive electronically after enrolling will be viewable within FSB Digital Banking. All past statements you received via paper will not be reflected within FSB Digital Banking. Please refer to your Account specific agreements and/or disclosures, including your Account Fee Schedule for any fees that may apply if you are converted from electronic to paper statements.

At any time, you can unenroll in e-Statements by going into View Statements within the Online Services menu and deselect each account you would like to unenroll in the Documents and Settings tab. You can also send a Secure Message through FSB Digital Banking requesting to be unenrolled in e-Statements. You must be the Account owner that enrolled the Account in e-Statements to terminate enrollment.

b. Description of Send Money

FSB consumer checking accountholders may send one-time or recurring Transfers to FSB customers or a depositor of another financial institution. Notice is given to the Recipient by the Sender providing the Recipient's email address or mobile phone number. You may originate these Transfers by use of a computer or a Mobile Device. To use Send Money, you are providing information to our Vendor from your mobile phone, desktop, laptop, or other computer.

By participating in Send Money, you are representing to FSB that you are the owner, or you have the authority to act on behalf of the owner of the mobile phone number or email address you are using to send or receive messages regarding Transfers. In addition, you are consenting to the receipt of emails or automated text messages from FSB or its Vendor, regarding the Transfers and represent to FSB that you have obtained the consent of the Recipients of your intended Transfers.

Funds may be transferred to any account in the United States as long as the Transfer is legal and allowed by the financial institutions involved.

Unauthorized use of these systems is strictly prohibited and is subject to prosecution under the Computer Fraud and Abuse Act of 1986 and Title 18, U.S. Code Sec. 1001 and 1030. FSB may monitor and audit usage of this system. You are hereby notified that the use of this system constitutes consent to such monitoring and auditing.

Any Account accessed through Send Money is also subject to the terms and conditions of your Account. You should review the terms and conditions of your Account carefully, as they may include transaction limitations and fees that might apply to your use of the service.

c. Eligibility

Individuals with a consumer checking account with FSB are eligible to use Send Money to send funds to a Recipient. Any individual with an account in the United States that may receive point of sale or Automated Clearing House ("ACH") transactions may use Send Money to receive funds that are transferred by the Sender. Other restrictions and eligibility requirements apply as described in this Agreement or other disclosures. By using Send Money, you represent that you meet these requirements.

d. Transfers

You may make one-time, recurring, or future Transfers from your Account. The Sender provides the Recipient's email address or mobile phone number, and Send Money uses this information to notify the Recipient. A Recipient must accept the Transfer within seven (7) days, or the Transfer will be cancelled and reversed. Upon initiation, funds will immediately be removed from the Sender's Account for the amount of the Transfer. Once the Recipient has successfully accepted the Transfer, funds will be sent to the Recipient's financial institution for deposit to the Recipient's account. FSB is not responsible for any failure of another financial institution to timely credit its customer's account. However, the timing of funds received will depend on when the Recipient responds to the email and when their financial institution posts the Transfer. The posting of the Transfer is dependent on the business days of that institution.

You acknowledge and agree that Transfers will be completed using only the email address or mobile phone number you enter even if it identifies a person different from your intended Recipient. The name you enter will help you identify your intended Recipient in the drop-down menu and your transaction history but will not be used to process payments. You must accurately enter the Recipient's email address or mobile phone number since your obligation to pay for the Transfer will not be excused by an error in the information you enter.

Transfer Instructions relating to external accounts and the transmission and issuance of data related to such Transfer Instructions shall be received pursuant to the terms of this Agreement, and the rules of the National Automated Clearing House Association ("NACHA") and the applicable automated clearing house, as well as any EFT Network, or networks, utilized to automate the transfer of funds and governed by Regulation E (collectively, the "Rules"). The parties agree to be bound by such Rules as in effect from time to time. In accordance with such Rules, any credit to an Account shall be provisional until FSB or the third-party institution, which holds the account, has finally settled such credit.

It is the responsibility of the Sender and Recipient of funds to provide accurate information. You agree that you as Sender are authorized to withdraw funds from the Accounts whose numbers you provide. You authorize FSB, directly or through third parties, to make any inquiries considered necessary to validate your identity. This may include asking you for further information, requiring you to take steps to confirm ownership of your email address or financial instruments, ordering a credit report and verifying your information against third party databases or through other sources.

You authorize FSB to debit your Account to complete the Transfer you request. If you are receiving funds, you authorize the crediting of your Account using card networks or NACHA.

e. Sender Acknowledgment

By using Send Money, you as the Sender, authorize the sending of an email or text message instructing the Recipient how to receive the funds that you are sending. You are further authorizing any Recipient of this message to act on the Instructions to receive the funds you are sending. You acknowledge that any party receiving the email message at the email address you provide or text message at the mobile phone number you provide may obtain the funds you are sending.

You acknowledge and agree that we are not responsible for determining the identity of the party who receives the email or text message and acts upon the email or text message you provide. Your funds may not reach the intended Recipient because of errors made by the Sender or Recipient and you could lose all the funds. The funds that are credited to the account cannot be recalled by us. If you suspect that you have entered information incorrectly, call us immediately at the phone number listed on the first page of this agreement and we may be able to cancel the Transfer. We have no obligation to cancel the Transfer or to reimburse funds that were transferred according to the Sender's Instructions. Furthermore, we may reject any Transfer request and may terminate your use of Send Money for any reason including attempting insufficient funded Transfers.

f. Fees and Limitations on Transfers

You may send multiple Transfers each day. For security reasons, there are limits on the amount of money you can send using Send Money.

Standard Limits include:

- i. For customers who have been enrolled in Digital Banking for less than or equal to 60 days, the limit is \$500/day, \$1,500/week and \$3,000/month. The maximum amount of a single Transfer is \$500.
- ii. For customers who have been enrolled in Digital Banking for more than 60 days, the limit is \$1,000/day, \$3,000/week, and \$5,000/month. The maximum amount of a single Transfer is \$1,000.

We may modify the limits on the amount and frequency of Transfers at our discretion, at any time. If you have any questions about your account limits, please contact us at the phone number listed on the first page of this Agreement.

If you have a Savings Account Sweep Agreement, or an Overdraft Protection Line of Credit, transfers may overdraft your Account and may result in a transfer from another Account to cover the overdraft. In any of these situations, an Overdraft transfer fee will be charged, as applicable. You may be denied service for insufficient funds in your Account. You will be responsible for any other transaction fees that apply to your Account.

Please note that your mobile carrier may charge you for text messaging. Please check your mobile service agreement for details on applicable fees. The receiving institution may have limits on the number and type of Transfers allowed. Your financial institution may also charge a transaction fee.

g. Issues Affecting the Posting of Transfers

You authorize us to debit your Account to complete the Transfer you request. If you are receiving funds, you authorize FSB to credit your Account using card networks/switches or NACHA.

Other events may affect the timing or success of a Transfer reaching the intended Recipient. Such events may include, but are not limited to, errors made by the Sender or Recipient in entering information, inaccurate account or card number information, delays in posting by the receiving institution, acts of God, and network and NACHA interruptions. If we believe the Transfer may be illegal, we may decline or reverse the Transfer. The receiving institution may choose not to post the Transfer or to delay posting the Transfer. Neither FSB nor the Vendor is responsible for any delays in the Transfer of funds or the posting of funds to the Recipient's Account. You may have certain rights and responsibilities regarding the failure to timely post transactions and you are encouraged to pursue resolution with the receiving financial institution.

Financial institutions have rules and regulations that govern their accounts. Some of these regulations may not allow a point of sale or Automated Clearing House transfer of funds. You are responsible for ensuring that these types of Transfers are allowed for the Account that you specify. For example, an IRA may not allow electronic transfers directly into the

Account. We are not responsible for any action or lack of action taken by the financial institution that delays, inhibits, or prevents the posting of the Transfer to the Account.

h. Security

If the financial institution contacts us for information regarding a specific transfer initiated by the Sender, and they have adequate tracking information regarding the specific transfer initiated by the Sender, you authorize us to discuss that Transfer and the limited account information you provided relating to that specific transfer. In other instances, we will not share general account information without express consent from the Sender.

K. Limitations and other rules applicable to Funds Transfers, Bill Pay and Customer to Customer

The following limitations and other rules apply to Instructions given by you or on your behalf through Funds Transfers, Bill Pay and Customer to Customer:

- c. Any Instruction through Funds Transfers, Bill Pay or Customer to Customer will be subject to the funds being available for withdrawal from the Eligible Account as indicated in the Instruction.

If an Instruction to make a transfer of funds or payment given through Funds Transfers, Bill Pay or Customer to Customer contains an inconsistency in the name and account or other identifying number of an account or Payee, financial institution or other party, we may treat the number as controlling and rely on the number in processing the Instruction.
- g. If any Eligible Account is a savings account for purposes of Federal Reserve requirements, there may be no more than six (6) transfer of funds from the Account in any monthly period.

- h. You will be responsible for assuring that any Instruction to make a payment given by you or on your behalf through Funds Transfers, Bill Pay or Customer to Customer is given to us in sufficient time for the Instruction to be processed. You are responsible, and we will not be liable, for any consequence for failure to do so (for example, any finance or late charge resulting from the payment being made late). If the payment is to be made by a transfer of funds through an automated clearing house to the Payee, we will need up to three (3) Business Days after receiving the Instruction; or five (5) Business Days if we received the Instruction on a non-Business Day. If the payment is to be made by check, we will need up to seven (7) Business Days after receiving the Instruction; or up to ten (10) Business Days if we received the Instruction on a non-Business Day.
- i. We may refuse to honor any Instruction to make a payment given through Funds Transfers, Bill Pay or Customer to Customer if we deem the Instruction to be a duplicate.

You are solely responsible for ensuring that payments made using the debit or credit card linked via CardSwap® arrive by the Payee's Due Date.

You are solely liable for errors you make in using CardSwap®. g. Unauthorized Transactions

You must notify us immediately if you suspect or believe that a transaction to a "Payee" has occurred using the debit or credit card linked to the Payee via CardSwap® that you did not authorize or that an incorrect amount was authorized. In an effort to manage our risk, we and our Service Providers may, but are not required to, monitor your transactions and processing activity for high-risk practices or for fraudulent transactions.

The individual that enrolls the Business Customer in FSB Digital Banking is the initial Administrator and that person must also be an authorized signer on all Eligible Accounts for the Business Customer. An Administrator can then delegate authority to an individual authorized to transact business on the Business Customer's behalf.

The Business Customer authorizes the Administrator and any designated Sub-User Administrator to have full authority and control over its Accounts through FSB Digital Banking and the ability

to utilize all Digital Services available to the Business Customer. The Business Customer agrees that there will be no vacancy of the role of Administrator during their use of FSB Digital Banking. If FSB becomes aware of such vacancy we may suspend all or some of the Digital Services or suspend the ability of any Sub-User Administrator or Administrator listed on the Accounts. However, FSB shall have no obligation to do this and may continue to allow any Administrator or Sub-User Administrator access to FSB Digital Banking and the Accounts.

The Business Customer authorizes us to act on any transaction, instruction, or order by the Administrator or Sub-User Administrator until FSB has received and has had a reasonable time to act upon the written notice provided by the Business Customer reassigning this authority.

The Customer agrees that FSB shall not be liable for any loss of any kind whatsoever either directly or indirectly caused by any non-transfer, mis-transfer, or delay in any transfer caused by persons or events beyond FSBs direct control. FSB reserves the right to assess fees for Wire Transfer Requests of funds at any time without further notice to you.
- d. You recognize and understand that FSB may be required, in the course of any or all Wire Transfer Requests to pass your funds through one or more intermediary banks (including the Federal Reserve).
